

BOTTOM BRACKET AND BEARING CLEANER

Description

Bikone Bottom Bracket and Bearing Cleaner is a powerful hydrocarbon-based degreaser (C6–C13 carbon number), formulated to effectively dissolve old grease and built-up residue on a wide range of bicycle components. It works perfectly on bottom brackets, cranks, bearings, headsets, pedals, drivetrain parts and other precision components. Its water-free formula leaves no moisture residue, ensuring safe, clean and reliable maintenance.

Applications

- Bottom brackets
- Bearings
- Headsets
- Pivots
- Other aluminum components
- Chains

Color and texture

- Color: blue
- Texture: spray liquid

Key advantages

- High degreasing power.
- Water-free and residue-free formula.

Hazards / Precautions

- Flammable liquid and vapour.
- May be fatal if swallowed and enters airways.
- Causes skin irritation.
- Causes serious eye irritation.
- May cause respiratory irritation.
- May cause drowsiness or dizziness.
- If medical advice is needed, have product container or label at hand.
- Keep out of reach of children.
- Read label before use.
- Keep away from heat, hot surfaces, sparks and open flames; no smoking.
- Use only outdoors or in a well-ventilated area.
- IF SWALLOWED: Immediately call a POISON CENTRE or doctor. DO NOT induce vomiting.
- In case of fire: use CO₂.
- Store locked up.
- Dispose of contents and container at an authorized collection point.
